The Government provides Colleges with money to allocate to young people who need financial support to stay on in further education/training. It's there to help students with essential costs whilst attending College. Whilst we recognise that some students face financial pressures, the funding is from a Government fund and is public money. It is not a right. The College has a duty to ensure that the funds are awarded fairly to students most in need.

Eligibility for all bursaries requires students to have been a continuous resident in the UK for the last 3 years before the start of their course.

The bursaries are split into two different types as follows:-

VULNERABLE STUDENT BURSARIES – 16-18 Guaranteed Bursary

This bursary is for students aged 16 or under 19 on 31st August 2020 and fall into one of the groups that have been defined by the Government as being a 'vulnerable student' and meet the eligible criteria. - ❖ Receive Income Support or Universal Credit in your own right (not parents)
